Declaration

I, solemnly declare that I have read and understood the constitution of PRM and hereby declare that I will abide by the aims, objectives, policies and principles of the People's Revolutionary Movement and its constitution as a whole. I voluntary associate and join PRM without any motive of personal gain or material benefit. I will actively participate in the life and programs of the movement for the total socio-economic emancipation of the African people, particularly the poor black majority, to build a socialist Republic and a better world. I will remain a disciplined, loyal and committed revolutionary member of the PRM within its structures.

I further declare that I will always be a good ambassador of PRM all my life when I interact with people, serve the movement and the general population of RSA with integrity and honor.
